

COMPACT Family Services believes that adoption can be a very courageous and loving choice for someone who is experiencing an unplanned pregnancy. **BIRTH MOMS ... You may be thinking about adoption.** At COMPACT/Highlands, young women choosing an adoption plan are active in the selection of their desired adoptive couple. Birthmothers choose their adoptive couple or adoptive family through the COMPACT adoption couple profile process. COMPACT Family Services has amazing Christian couples (Assemblies of God) who desire to affirm your birth mom journey. This is your time and season to explore the many choices available to those choosing adoption.

The great thing is that the Lord has a bright future ahead for you. COMPACT will support and assist you through the entire adoption process. When living at Highlands Maternity Home on the COMPACT campus, you will have the love and non-judgmental support you need to prepare for a bright future.

*“For I know the plans I have for you,” declares the Lord.
“Plans to prosper you not to harm you. Plans to give you hope and a future.”
Jeremiah 29:11*
